Thank you so much to everyone who took the time to learn and audition with the B Group Dance Troop combination! I had such a wonderful time working with all of you during auditions.

Remember, B Group is already featured in six dances & seven songs throughout the show, so if Dance Troop didn't work out this time, don't let that discourage you! Every single one of you is still an important part of this ensemble, and there are so many opportunities in this show to shine, give it your all, and show what you can do!

I'm so grateful for the time, effort, and energy you all brought to auditions. I can't wait to see what we create together!

Choreographer Kayla
